

88 Million Households Phone Book™ Deluxe

Touted by many as the most-up-to-date consumer data available on CD-ROM, 88 Million Households Phone Book Deluxe is an invaluable reference tool for business owners, sales people, fund-raisers, or anyone needing to update their address books. It includes information on virtually every listed residential phone number and home address in the United States.

88 Million Households Phone Book Deluxe is generated from thousands of phone directories and hundreds of other information sources. Each record includes name, complete address, phone number and length of residence.

This multi-disc set gives you unlimited look-ups and an easy-to-use interface. You can download up to 5,000 listings, and create mailing lists and labels!

Search by individual name within a city, state or ZIP Code. In addition, search features in the 1999 version allow you to:

- Find households within a ZIP Code
- Reverse search by telephone number or street address
- Locate neighbors of a listing!

Financial advisors, insurance agents, genealogists, home-service companies, retailers, home businesses, entrepreneurs and many others will find this product invaluable! The possibilities are endless!
