

Yellow Pages USA Deluxe

Planning a direct mail campaign? Organizing a sales force? Surveying the employment market? You'll find whatever information you need quickly and easily with Yellow Pages USA Deluxe.

Each listing on this CD-ROM provides detailed information including:

- Business name
- Complete address
- County
- Telephone number
- Fax number (where available)
- Key contact name
- Yellow page heading
- Employee size range
- Estimated sales volume
- Yellow page ad size
- Years in the database
- Neighboring businesses
- Brands carried, franchise names or specialties

With Yellow Pages USA Deluxe you can search by business name, yellow page heading, or address. Reverse searches can be conducted by phone number to find business names and addresses. Searches can be narrowed even further by state, city, county, or ZIP Code.

This comprehensive business directory allows unlimited look-ups. You can download 5,000 listings for printing on labels or use in databases (250 listings can be downloaded at a time), and additional print and export capabilities are available.

Order today and get the business information you need now!

Yellow Pages USA

Whether you're conducting a direct mail campaign, looking for new vendors or just need to find a local business, Yellow Pages USA is the perfect reference tool, with listings for virtually every business in the U.S.

Approximately 14 million business listings are organized by yellow page categories and SIC code numbers. Listings include names, complete addresses, phone numbers and even brands carried and franchise information.

Search by company name or yellow page heading, and narrow your search by city, state or ZIP Code. New features allow you to reverse search by street address or telephone number. The 1999 version includes 400,000 U.S. toll-free numbers. Yellow Pages USA provides unlimited look-ups, and 5,000 listings may be printed 250 at a time (listings are not exportable to other databases).

System Requirements

IBM® PC compatible; minimum 8 MB RAM; minimum 12 MB available disk space; Microsoft® Windows® 3.1 or higher; CD-ROM drive with Microsoft® CD extensions 2.1 or higher; Hayes-compatible modem (optional). This software is Y2K-compliant.

16 Million Businesses Phone Book

The 16 Million Businesses Phone Book gives you phone numbers for virtually every listed business in the U.S. and Canada. Locate new vendors, contact new customers or call any business anywhere in the U.S. and Canada – all at the touch of a keyboard!

This valuable reference tool lets you search by full or partial business name, and reverse search by phone number. Narrow your search by city, state or province, postal/Zip Code.

With this CD-ROM you can cut costly directory assistance charges and access more than 400,000 toll-free U.S. business numbers. It comes with unlimited lookups (listings are not downloadable) and an easy-to-use interface, too!

System Requirements

IBM® PC compatible; minimum 8 MB RAM; minimum 12 MB available disk space; Microsoft® Windows® 3.1 or higher; CD-ROM drive with Microsoft® CD extensions 2.1 or higher; Hayes-compatible modem (optional). This software is Y2K-compliant.
